**“What the enemy without left incomplete, the enemy within will complete”.**

**The 2018 ambush against Armenia;**

**1- hijacked by a quorum of deceived, sub literate foreign linked undercover mob of retards and parasites, headed by enemy’s foreign linked Statist neo left double agents posing as reformists to engineer the so called 2018 color revolution circus, pay rolled by globalist saboteurs using front organizations, (i.e. NATO/EU Trilateral defense lobby expansionist line, Democrat linked USAID, OS Soros head of EU’s six membered board of directores/deputies, funded NGO’, EU sublinks (Civitas), anti republican pro IRGC Hamas network in Southern Caucasus, to set up an enemy anti Christ sub government,(i.e under Pashinyan, an insider agent, a threat greater than any facing the country), backed by a minority group of foreign linked enemy collaborator criminal interest NGO neo oligarch technocrats and parliamentary lobby groups,on order to metrically incriminate, coerce, unleash an assault against country’s root spiritual, church institutes, traditions, shift the historic narratives, force a blind conformist obedience to the so called statist line, complete the Pan Turk Ottoman 1915 genocide plan, silence dissent, subvert regional security,(using the cover of reforms to deceive, falsify and pervert the constitutional concept of state and people), having engineered pre planned loss of Karabakh, and given to follow enemy’s globalist line of digitalized centralized control, hyperinflation, debt, congestion, pollution.**

**Under cover double agents, re elected after the 2021 electoral fraud, (scorned even by their own OS/EU recruiters), not to secure Armenia but to use it to execute the enemy line of sabotage, having the country degraded from within and set it on a suicidal path. Subjected to daily threats, uncertainty, blackmail, debt, inflation, recession, militarization, Ukranianization of the South Caucasus,(i.e engineered by global deep state, bent on encircling, crossing Russia’s red lines to jeopardize the regional security, with billions of dollars from US/EU exorted to fund international criminal interest via Ukranian regime backed by CIA, MI6 NATO, playing off the left and right, (i.e. sabotage Russia South Caucasus inter regional relations with Georgia, Azerbaijan, Armenia), onset new internal and external threats, ( i.e enforce**

**potential economic, trade blockade by Russia and EAEU members ), bringing nearer the coming war frontiers between West and Russia to South Caucasus Russian borders.**

**In line with the same group behind the enemy engineered 2008 Georgian tumult which coincided with Pashinyan 2008 organizing of criminal riots, ( modelled after Mandela and his communist ANC terror mentor, propagated by US Democrat Elders memorial set up under Carter),following the sabotage operation against Russian units which led to Abkhazia,Ossetia crisis under Saakashvilli,(recruited like Zelensky and Pashinyan to serve enemy's globalist criminal interest), followed ten years later by pre planned sabotage against Karabakh.**

**Recruited as enemy's deceived deep swine fed state wood colt enemy front for neo left oligarch criminal interest minority groups, having hijacked the state administrative structures, to back N Vovoevich Pashinyan, a drugged/demonized low ranked trash agent, marked by his deceiver demon stirred voice, who earlier had used former President Ter Petrosian contacts to manipulate his way up into political circles, along his plebeian commoner wife and controller Ana Hakobyan,Arman Grigoriyan head of NSC, and directors of NSS-internal security and foreign intelligence dept, Alen Simonyan head of parliamentary house of fools, (play field of collaborators, foreign banking links and so called Pro EU agent lobbies), Mirzoyan a street agitator turned country's top diplomat, and state appointed head of judiciary, civil service, unqualified, with no background in politics or state administration appointed as government ministers to insure enemy's control of autarchic kleptocrat structures. Forming a neo left centralized statist structures, using the cover of anti corruption law order, to deceive and force through the globalist 2030 UN Davos WEF, IMF agenda of biometric digital id, asset registration, before the confiscation of accounts and bank assets, farm lands, privacy and property rights aimed to force conformity to state's control and narratives against any remaining opposition.**

**Sub literate state humanoid like serfs with no background education or grasp of state structures, unfit for any civil ministerial jobs, appointed only to be controlled, manipulated, muzzled/gagged to carry out orders, follow the**

enemy deception line on digital biometric surveillance with no parliamentary checks or approval on the harm they cause, undermining privacy laws and country's sovereignty. Prepared to cross country's root historic red lines, using fabrication and revisionist falsifications to betray and dismiss the 1915 genocide, (alienate the population from their past inheritance as martyr nation, to have it turned into an empty, lost, nothing nation). Serving the enemy line for which the ruling government system is recruited, pay rolled to spread the politics of deception, duplicity, (i.e. follow enemy's globalist stratagem of using it for their own regional interests before betraying it). The failing line of EU's threats against Georgia,(to reveal how EU slave member countries are scorned and cheated out of their billions to serve neo left collective red tape and imposition of over regulated projects, drug crimes and higher inflated tariff cost of living, compromising regional cohesion with perilous and dire consequences). Having seized the administrative and state security structures to execute enemy's statist *raison d'etat* line, replace the corrupt Soviet backed old guards, referred to by Pashinyan as Karabakhtsi scums, with Pashinyan own scums falsely masked as pro West reformers,(i.e backed by renegade enemy division of enemy infiltrated NSS internal security units to seize control and deep state police takeover of the country), to incriminate, marginalize the opposition groups, use state linked criminal mobs presented as pro government demonstrators, harass the church, and opposition groups fabricate evidence, detain, imprison on false charges...), re set, seize control of judiciary, finance, parliament and government structures on enemy's behalf.

2- Engineer the loss of Nagorno Karabakh, pre-planned for years using enemy links, following the 2018 so called color revolution government, on order to allow the slaughter of thousands of young army draftees with the loss of Karabakh, once CSTO was precluded to interfere,(following Armenia government refusal to have Karabakh officially declared as a protectorate region). Using an elaborate ruse to distort facts, (i.e. sabotage Russia, Armenia and Azerbaijan), refuse supply of arms to combating units, providing minimized commitment to make the loss of Karabakh inevitable, (satiety Pashinyan's personal vendetta against them), before going on his knees to beg Russia stop the Azeri incursion before signing the ceasefire pact.

**Crimes of treason, ( besides the falsifications against 1915 genocide), punishable by jail sentences for which Pashinyan and his associates will have to account for in people's court after the end of their tenure when the classified dossier detailing their part on Karabakh and secret dealings with enemy foreign links and their NGO links are publicized.**

**The losses fasely blamed on Russia, similar to a parallel case in 2008 tumult in Georgia/Abkhazia,which took Georgian government sixteen years to acknowledge, sourced not by Russia but foreign NATO linked global war party to Ukranize to unlatch a new anti Russia war front in the region.**

**Having the government officials who instead of expression of remorse for the loss of Karabakh and thousands killed to defend the land continue to blame Russia, Azerbaijan, Israel, resort to enemy's diversionary anti Russian dis information to hide and cover up their own part in the sufferings of over a hundred thousand displaced refugees in Karabakh, blocking the publication of statistics on the extent of losses,(of hundreds of cities, villages, houses, factories, museums, schools, churches, ancient cemeteries, and monuments, mines, hospitals...).**

**Sacrifices mocked by cheap degrading show of mentally retarded, drugged, delusional Pashinyan (following his covid poison vaccination, bike riding follies in Europe, gestures of Westernization, selfi images with Soros and Obama's head agent of USAID Samantha Power, along Kristina Kvien ex US ambassador to Ukraine appointed as the Democrat's diplomatic choice to head the US mission in Armenia, the figure behind appointment, control, random visits to government departments and dismissal of officials).**

**Squandering tens of millions of Euros on acquiring future Embassy sites in UK and France...( adopting the failing EU line, even as Georgia is tilting back towards Russia,with restrictive ban on enemy's NGO, LGBTQ funder networks undermining country's long term security interest, as Armenia is pushed to play a rival failing role to become enemy's new EU reserve base through Macron, Rothschild's handler agent and Pashinyan's line giver), to blackmail the West, using the slogan of pro West line to manipulate and cheat their way into US, EU at any price before the coming election, extort millions of dollars of state funds and public tax proceeds to waste on government**

**officials lavish shopping and wasteful holiday trips, offering themselves as agents on hire to trade off country's interest for their own personal gain, betraying it to the highest bidder.**

**Dismissive of EU's own experts who remain sceptical and advise against any integration of Armenia except at a minimized level on account of region's geopolitical reality,(i.e pre empt Ukrainization of Southern Caucasus as Russia's sphere of influence),country's infrastructure issues, sub standard products, (not wanted, or even able to compete in EU ), low education standards, failing democratic structures, role of state linked police state neo oligarch minority group subverting the majority decision, using ex criminal security thugs to encircle government circles,to prevent any deviation from their agenda.**

**3-Stealing from billions of dollars unaccounted for every year through illegal trade,banking scams,extortion,money laundering,secret criminal lucre from the cash proceed sells of gold, precious stones, (before the planned sell out of gold, minerals and uranium sites in Karabakh and Syunik region to EU/UK companies), by State linked neo oligarchs and construction companies, corporate bankers,US's PR agent Edelman,Rothschild's state banking links in Armenia to channel billions of dollars of Russian and Iran trade proceeds to evade sanctions,(helping enemy's war business in Russia and Ukraine, benefiting Armenia by injecting the needed cash from its growing trade with Russia).**

**Use state linked high cost car import agents and businesses links,(following Kadyrof/Chechen line of giving import grants and privileges to his state linked cronies). Able to import substandard consumer chemicals goods from abroad, stir hyper inflation, bankruptcy,drug,poverity,debt, lack of free health care. Enforce the enemy occupation of the country, seen by EU bureaucrats as a beggar nation,(i.e. EU financial grants and secret Nato linked border spy missions to map out and profile for a future conflict),preyed on by foreign globalist price system technocrats aiming at its social engineering take over the state functions and production line through USAID, EU linked funded NGO organization,set up to bankrupt poorer nations with false diversionary recommendations.**

**Pledges and grants allowed not to safeguard Armenia's interest, (of no worth or significance to West), but to serve enemy's own long term global agenda, (i.e. exposing West's politics of duplicity, keeping a blind eye to Pashinyan's secret dealings with anti Israel Iran IRG/Hamas regional terror network as long as these serve West's anti Russia line).**

**With the spread of enemy funded projects to enforce digitalized surveillance, aimed to deceive, destroy country's root soul, human resources and self sustained village co opt values in the name of modernist demonization, deluded to think that digitalization line will serve as panacea for country's ills, (ignorant and blind to the degeneration of East and West by a soul less mechanized red tape culture of degradation and decay spawned by the loss of their spiritual roots).**

**Servitude to organizations known for their role in global sabotage, eco terrorism,(OCCRP training of saboteurs, and USAID linked NGO journalists propagating the enemy line,(i.e. a criminal organization using US tax payers money to fund terror against USA, known for its key role in dis information, destabilization, sabotage, bio weapon research labs, terror drug networks in Afghanistan, corruption and elimination those opposing its policy line, i.e. murder of Jamie Roldos Ecaudor president and Panama President Omar Torrijis...). A failed government on all fronts,(more than any previous administrations), failing on Karabakh, peace with Azerbaijan, failing with EU draft, failing with inflation control, failing with the loss of millions on transport route exclusion and deepening economic and diplomatic failures with EAEU/BRICS bloc).**

**Deceive the masses by the reformist face lift slogans of law and order and Pro Western line from outside,(only to have them gaged under enemy's tighter surveillance control), enforcing NSS's Soviet like KGB police state, so called special measure line of having criminal state agents prey on people as ignorant mobs, using the cover of anti-corruption laws, and the slogan of law and order to deceive the masses and protect themselves, silence the opposition having taken over the control of NSS internal security structure by government deep unit of police state department, granted immunity from persecution, able to arrest, beat up, use violence, intimidation against individuals and opposition groups.**

**5- Planning graded destruction of country's back bone village, eco system, and traditional farming in the name of modernization and urbanization with the elimination of traditional farming, skills and skilled workers, increasing use of pesticide GM line, with traditional stone architecture replaced by worthless out of place Western glass office structures to deform the natural landscape.**

**Spreading road congestion, degradation, decay, over urbanization, (designed to deceive the public by state's cosmetic changes capital's government, banking site in capital's centre zones, while small towns, and village regions remain left out, deprived of basic free health care, i.e. care of the elderly, the homeless, grants to keep minimum wage threshold, city planning, metro extension, provision of water, electricity...). Enforcing a graded re location of people,( dispossessed of their family house roots in prime locations, in the name of Urban planning ), to move into neo Soviet like tower blocs providing billions of dollars in revenue for state linked construction companies and crime linked neo oligarchs.**

**6- The planned set up of CIA,USAID funded secret viral zoonotic, bio weapon labs,(to develop and test new strains of infections), along the enforcement of cyber surveillance to seize control of state structures, pushing the country into a war zone by engaging in NATO linked military exercises.**

**Playing into enemy's deception line of robbing billions of dollars wasted on substandard arm weapon systems, illegal surveillance systems. Using the cover of anti - corruption and crime prevention to terrorize, tighten their own grip and control over people, instead of using public funds to improve the failing infrastructure, fund metro extension, transportation, prevent congestion and lethal air pollution.**

**7- The spread the contamination of children to source vaccine linked autism, poisoning, graded mutated genocide of the population by mandatory injection of state and public workers to propagate WHO and USAID genocidal Covid vaccine scam, using health ministry officials to push for globalist Covid depopulation agenda, ( i.e Anahit Avanasyan, WHO / USAID agent behind NSS special measure *Zaryat 3* against public anti -government civil protests, with the investigation into her role in Covid sourced fraud discontinued by government inside links).**

**Using diversionary techniques to befoul, manipulate, blind the public to more serious issues the country is facing, through liquor drug festivities, imported trash culture music concerts to manipulate, condition, deceive the youth with falsified narratives at schools and universities. **9- Recruiting groups of saboteurs, enemy cohort and deceived sub literate young volunteers to help turn the country into a failed model of digital prison hub, a testfield for global saboteurs and technocrat corporate control and mass surveillance, ( i.e. 5G, AI so called innovative technologies, even when aware of the dangers these technologies pose in the spread of viral and cancerous agents and aviation air flight routes...). Enforce the line of State's monetized digital over regulated red tape control surveillance run by state linked unaccountable intermediaries, (internet providers with monopoly to embezzle buyers with flawed on line non - refundable digital payment scams ), planning future id data infringement, theft, with devices to track, control, pocketing millions of dollars...compromise state's own data, land transfer, property rights, allowing state confiscation of assets, source id theft, digital red tape, ( i.e adoption by foreign NGO linked state organs like U com, operating under a low level foreign linked technocrat Yirikian to distribute cancerous 5G mind control technology with the use of un regulated thermal cameras...). accessed by hostile foreign external cyber/digital links, putting at risk even state's own officials and families, tracked, blackmailed, targeted in and out of their own cars and homes, and defiled beds by enemy's hidden micro phone and camera surveillance watch system, to haunt them down, before their day of arrest and shame.

\*\*\*\*\*

Introduction of substandard buses from China not to ease the congestion but to spy on commuters, ( covid vaccine like QR bar coded tickets, requiring phone numbers, with wastage of tens of dollars spent on the paper rolls to issue tickets at pay machines ). Recruiting foreign wired groups of deceived state tool links and youth groups, recruited as state pay rolled apparatchiks to enforce deep state EU, USAID planned digitized toxic pesticide GM farming projects, ( to uproot the independent village, rural based farming ), backed by sub links like Skyagro...insuring state's centralized transfer, control of land and farming rights.

10- Uproot country's holy, protective roots, replaced by enemy set up of global monetized Statists, digital prison control zone system,(to pluck out country's spiritual roots, turn the masses into bar coded sub human serfs, onset UN WEF Davos and UN line of asset register confiscation of people's farming land and property and bank assets through biometric digital id, refusing which will have them listed as outcasts, tracked, killed, curbed, prevented to survive *Revelation 13;15-17* ). Put on a show of a fake robust economy against growing deficit, stagnation and coming recession.

Distract public focus from government thefts and malicious lies using of televised propaganda, (to alienate, brain wash the masses into barcoded sub human deviants serfs and thieves, blinded, distracted by state's propagation of digital trash culture). The installation of CCTV screens to incriminate, target, infiltrate, police monitor the church and believers, threatened with state imposed high taxes the curbing of church,( its charity links), attacked by state linked internal security mobs posing as protestors aimed at killing the nation's soul, betraying its core historic and spiritual roots, replaced by a soul less, enemy digital,(state line), leading to slow destruction of the country, only

Blind to hidden protective guardians, holy shrines, cross stones, unquenchable crying spirit voice of 1915 blood tears and sacrifices running deep in the veins and every part of the land, and the protective foundations, the holy water streams on which the land has survived for over two thousand years].

State policies pushed through by a ruling mob aimed to enforce a monetized line of deception, duplicity, surveillance, greed and selfishness, violence, filth, perversion propagated by its state mole, hired, recruited for their anti Christ line to betray country's root blessings, (replaced by a deviant, fake, digital swine fed modernist culture of filth, narcotics, juvenile crimes, perversions, ignorance, degradation and decay).

An offspring of Young Turks mob of reactionaries and collaborators recruited to plan the 2018 ambush and abduction of state administrative security structures...exposed in their demonized psychotic

**delusional fits,eyes,demonic voice gestures, including the denial of 1915 genocide, which Pasha nyan,(a name derived from the root word for an outlaw trespasser), in his ignorance later blamed on Tsarist Russia, blind to the role of globalist banker genitors...Rothschild/Soros by whom he is paid and recruited as key engineers of the 1915 slaughters and the 1917 Bolshevik revolution in Russia.**

**[Falsifying the historic facts by blaming the Tsarist Russia which in the 19<sup>th</sup> century secured the 1878 Saint Stefano treaty, to spare the present day Armenia and its Christian population, before it was deliberately sabotaged/revised by West with an added article 61,(renamed the treaty of Berlin), to leave a void, letting the Turks back in control of Armenians, paving the way for the Ottoman and Young Turks 1915 genocide...with Russia's Post Soviet help later which again saved Khodjali, and Karabakh through the 366 motorized regiment, and had Armenia spared from economic collapse by granting it billions of rubbles against the Turkish embargo of 1992-93].**

**A ruling mob blind to past and present dangers and geopolitical reality on the ground,(i.e.to maintain neutrality when it comes to Russia and West),with South Caucasus fated to accept Russia's geopolitical sphere of influence, having shared deep historic and cultural, lingual ties, with over 70% share of Russia Armenia trade and north south border transport routes, (from which Armenia is being excluded due to government's lack of credibility, corruption and failings),including gas import, not sourced by EU but by Russia's led EAEU/ BRIC structures without which the country would face economic collapse, and at worse turned in to a failed state enclave...seized by dark forces,(deceiver spirits), after Karabakh's loss to let the gates of Gog Magog open before the coming Armageddon.**

**1. A government known for its support of IRGC Hamas terror line in the UN, USAID, Soros backed OS open society pro Democrat and anti republican anti Israel criminal NGO organizations,(using the residue of ASALA, Habash,PLO terror networks recruited in October 2023 to attack Mordechai Nevi synagogue, carried out by NSS police state internal security links days before the 7<sup>th</sup> October Hamas terror ambush against Israel), supporting anti-Israel propaganda,used state linked ex internal security thugs,( with Pashinyan's open, blatant support of Iran terror revolution and its IRGC backed anti Israel terror proxies), spreading revisionist falsifications against the 1915 genocide for**

**which he should personally be impeached and face criminal charges, not realizing that such moves will never bring the country peace but have it left out until it accepts the South Caucasus geopolitical reality,(i.e. Russia's sphere of influence, or slide into a failed transit Turko West Azerbaijan route enclave).**

**-Demons hand in hand-**

**Left to right Soros and his Armenian agent Pashinyan, Samantha power, Democrat USAID head, demonized,(visible in her face), drugged ailing Pashinyan in fear and trembling, watched over by a controller agent behind him.**
